Wells Vehicle Electronics Honored for Going the Extra Mile by AutoZone Mexico

FOND DU LAC, WI (April 7, 2020) – Wells Vehicle Electronics, a premier full-service, full-line supplier of vehicle electronics and engine management products, received AutoZone Mexico’s Extra Miler Award on February 25, during the AutoZone Mexico Vendor Summit in Monterrey. Wells was recognized by AutoZone’s leadership team for its program that supports AutoZone’s mega-hub initiative, which places mid-popularity and slower moving products deeper within its distribution system and closer to vehicles in need of repair.

“It’s an honor to work with loyal customers like AutoZone to create innovative solutions that meet customer needs in a competitive and challenging distribution environment,” said John Zochert, Director of Global Product Portfolio Management with Wells Vehicle Electronics. “On behalf of all of the associates at Wells Vehicle Electronics, thank you for your partnership and this recognition.”

About Wells Vehicle Electronics

Wells Vehicle Electronics L.P., founded in 1903 by Robert Wells, designs, manufactures, and distributes industry-leading vehicle electronics. As a division of NGK Spark Plug Co., LTD, Wells focuses on finding and providing win-win solutions for its associates and business partners from its headquarters in Fond du Lac, Wisconsin.
