WVE Vehicle Electronics Introduces 121 New Part Numbers in April
Covering More Than 65.1 Million Vehicles in Operation

FOND DU LAC, WI (April 29, 2020) – WVE Vehicle Electronics introduced a total of 121 new part numbers in April for a variety of ignition products, emissions products, sensors and switches now available for a range of light and heavy-duty vehicle applications. In all, WVE announced 11 new ignition components, 26 new emissions products, 63 new sensors and 21 new switches – covering more than 65.1 million vehicles.

New part numbers are available for the following part types:

- ABS Wheel Speed Sensors
- Accelerator Pedal Sensors
- Air Bag Clock Springs
- Ambient Air Temperature Sensors
- Brake Fluid Sensors
- Distribution Ignition Pickups
- EGR Valves
- Camshaft Position Sensors
- EVAP Purge Flow Sensors
- Fuel Level Sensors
- Humidity Sensors
- HVAC Sun Sensors
- Ignition Coils
- Ignition Lock Cylinders
- MAP Sensors
- MAF Sensors
- Neutral Safety Switches/Automatic Trans Gear Position Sensors
- Oil Level Sensors
- Power Steering Pressure Sensors
- Throttle Position Sensors
- VVT Adjuster Magnets
- VVT Oil Control Valves
- VVT Solenoids

“The addition of these new part numbers demonstrates our continued commitment to meeting the needs of our customers with a full line of professional-grade vehicle electronics and engine management products,” said Patrick Sommerfeld, Vice President of Sales and Marketing with Wells Vehicle Electronics.
