**WVE Vehicle Electronics Introduces Nearly 800  
New Part Numbers in September**

FOND DU LAC, WI (September 14, 2022) – WVE Vehicle Electronics introduced 778 new part numbers in September, which are now available for a range of light and heavy-duty vehicle applications. In all, WVE announced 359 fuel system products, 124 HVAC products, 102 fuel injection products, 100 switches, 27 emissions products, 23 sensors, 16 relays, 14 pigtails/connectors, 8 solenoids, 3 ignition coils, and 2 starting/charging products – which includes more than 272 million sales opportunities.

“Once again, our product team continues to demonstrate our commitment to providing a full line of professional-grade vehicle electronics and engine management products to our customers,” said Vince Perry, Director of Sales and Marketing with Wells Vehicle Electronics. “And each WVE part is backed with unmatched customer service and superior technical support.”

For more information on these new part numbers, as well as our complete parts list, visit our online catalog at <https://wellsve.com/products>.
