**WVE Vehicle Electronics Introduces Nearly 300
New Part Numbers in May**

FOND DU LAC, WI (May 31, 2023) – WVE Vehicle Electronics introduced 270 new part numbers in May, which are now available for a range of light and heavy-duty vehicle applications. In all, WVE announced 128 HVAC products, 39 switches, 29 fuel injection products, 25 sensors, 21 connectors, 18 emissions products, 4 relays, 4 electrical products, 1 solenoid, and 1 knock sensor kit – which includes more than 220 million sales opportunities.

“With this new part number announcement, our product team further demonstrates our commitment to delivering a full line of professional-grade vehicle electronics and engine management products for our customers,” said David Stewart, Vice President of Sales and Marketing with Wells Vehicle Electronics. “And each WVE part is backed with unmatched customer service and superior technical support.”

For more information on these new part numbers, as well as our complete parts list, visit our online catalog at <https://wellsve.com/products>.
